3. Public Hearing: 2020 Tax Increment Financing Bond

Selectboard Chair, Simon Dennis recessed the Selectboard Meeting and opened the Public Hearing at 6:45P.M.

Presentation by Lori Hirshfield, Director of Planning and Development.

This is the first of two required public hearings prior to voter consideration of Article #23 on the March 3, 2020 Town Voting Day Warrant, for \$2,666,600 to implement projects in the Hartford White River Junction TIF District. Voters will be asked to approve the projects and how the projects will be financed using TIF tax revenues.

Ms. Hirshfield noted that there were copies of the formal "Notice to the Public" available in the back of the room and on the Town Website, which contained information on Hartford's TIF program to date, the proposed projects and financing details for 2020, and the wording of Article #23. She then reviewed this information.

- c. Acceptance of Selection Committee Recommendations for Water

Resources Professional Engineering Services - Request for Qualifications (RFQ 2019-11) (Motion Required)

The Department of Public Works sought proposals from firms to perform Professional Engineering Services within six engineering categories identified as water resources, asset management, transportation, structural, geotechnical, and landscape architecture. Categories are rated individually.

The rankings are for services contracted from July 1st, 2020 to June 30th, 2021 and can be extended up to four years. This is necessary due to the lengthy time frames of planning, designing, permitting, and constructing/implementing public works projects, and to maintain positive and constructive working relationships.

Ten firms submitted statements of qualifications. Nine of the ten requested to be considered under the water resources category.

The selection committee overwhelmingly selected Aldrich and Elliott, PC as the most qualified firm followed by the Dufresne Group and Dubois and King, Inc. The selection committee confirmed their scores with a final vote of confidence at a meeting held at Town Hall on Wednesday January 29th, 2020.

Selectboard Member Fraser made the motion to Accept the Selection Committee ratings. Selectboard Member Brown seconded the motion. All were in favor and the motion passed.

d. Certificate of Highway Mileage (Motion Required)

The Vermont Agency of Transportation (VTrans) annually requires towns to submit a certificate of highway mileage.

The purpose is to certify the annual amount of highway miles by classification to determine the amount of annual town highway aid as allocated by the legislature. It also provides valuable information to VTrans about local roads that is used to develop publicly available maps and data. The mileage totals for certification by road classification are as follows: Class 1 = 1.714 miles; Class 2 = 19.625 miles; Class 3 = 108.56 miles; State Highway = 45.422 miles.

Although rates vary quarterly, the current highway aid rates are paid to the Town by the State of Vermont as follows:

Class One Town Highways:	\$11,553.677734/mile
Class Two Town Highways:	\$4,238.855957/mile
Class Three Town Highways:	\$1,574.450684/mile
