

Hartford Parks and Recreation Commission
Thursday, March 8, 2018
5:30 p.m.
Hartford Town Hall
Minutes

Commission Members in Attendance:

Brett Mayfield (via skype), Kevin Stuart (vice-chair), Michael Vanasse, Zach Lenning, Scott Hausler, Dick Grassi (Selectboardman)

Meeting called to order at 5:34 pm

Some interest in Pool Charge Committee, currently 3 applicants which leaves 2 more slots to fill

- Committee will be charged with evaluating all options with the pool and presenting a recommendation to the selectboard on how to proceed
- Will bring in 3rd party to assess current assets, evaluate public attitude towards the pool
- Scott will be giving a presentation to the selectboard on 3/13 on water losses

Town is currently reviewing its master plan; P&R needs to update their section on communities and facilities. Commission members should familiarize themselves with this section of the plan.

Directors report on WABA closing events, and other winter activities. Continuing to see strong numbers in almost all programming (from 2/11-2/24 we had 606 participants).

Refrigeration ducts at WABA will be assessed while the compressor is being replaced. At that time it will be determined whether or not the floor will need to be replaced. Currently no planned date on when the turf will go in.

Commission still has a couple of empty positions, we need to find interested candidates and encourage them to apply. Additionally, there was a request for funds to make a banner that would help P&R commission gain exposure at public events.

Strong emphasis on making it to meeting, even if you can't physically be there.

Meeting Adjourned at 6:08
