

HARTFORD TREE BOARD

Tree of the Month for September

The Hartford Tree Board is highlighting a Tree of the Month. September's Tree of the Month was suggested by Greg Cook. It is the Northern Red Oak at the Wilder School. One of Greg's favorite trees in the village. Learn about its history and about an oak tree's spirituality.

August's Tree of the Month is another Northern Red Oak at the West Hartford Town Library. Learn some interesting facts about this very popular tree.

Also, check out July's Tree of the Month, a Sassafras tree, on the path around the baseball field at the Maxfield Outdoor Sports Complex. You won't find too many Sassafras trees in the Upper Valley.

We keep our signs up for three months so you are sure to have time to visit each one. You can't miss our signs! Enjoy!
